Subject: Map NREGASoft codes with Census 2011 codes.

Sir/ Madam,

As you aware, NREGASoft is based on old location codes which are lead to problems in integrating the system with other schemes. Hence it is decided to recodify these locations as per Census, 2011 codes.

In order to map the villages as per census 2011, an option has been provided in NREGASoft in PO login under link "Map Census Code as per Census 2011" (Annexure-1). The system operates on a single scroll-down system with no need for data entry. If a PO sits to map their villages in NREGASoft with census villages, this exercise will be completed in few hours.

You are requested to direct all your Programme Officers to map the census village codes with NREGASoft codes before 10th Feb, 2014.

Enclosure: as above

Yours sincerely,

(R. Subrahmanyam)
Joint Secretary
